How much overcoming does it cost to leave an intact aircraft early?

Is a parachute jump for the blind like a turn to nothing?

How does it feel to crash in free fall without brakes?

A tandem parachute jump requires blind trust.

Why this applies to Jürgen Borrmann twice, he describes in Blindflug 2014.

Due to a degenerative retinal disease, i am as thin as a tuna in a can.

With the impressions of his remaining senses, he hast the readers with word wit and a lot of humor in the events that occur before and on the jump day, part.

However, everything went smoothly, not even between heaven and earth.
